HOW TO USE THIS CATALOG

Our CD ROM catalog is set up to resemble our print version. The big difference is you navigate using buttons or word searches instead of flipping through pages.

Here are a few tips to help you navigate through the pages:

The MAIN CONTENTS link is on every page. Click on it to return to the MAIN CONTENTS. From there you can move to any section.

The Vendor and Product Indexes are located at the beginning of each Product Section. Click on an item or page number to move to that page.

Button Directions,

Click buttons at the bottom of the page:

Main Contents

Go to the **MAIN TABLE OF CONTENTS.**
This is your main reference point

Index- This Section

Go to the expanded **SECTION INDEX.**
Each Product Chapter contains a Product Index and a Vendor Index

ORDER

To **PLACE AN ORDER.**
If you are connected to the internet, this will take you to the login page of our on-line shopping site.

*Thanks for choosing
Southern Lock!*

2010-11 SOUTHERN LOCK & SUPPLY CD ROM CATALOG

Acrobat Navigation

There are arrows at the top (or bottom, depending on your version of Acrobat, and how you have it configured). These arrows move you forward and backward through the section, and the arrows with the vertical lines move you to the first page or the last page.

You can **SEARCH** each section for an **ITEM NUMBER** a **PART NUMBER**, or **DESCRIPTION** of an item. Acrobat will search for **EXACTLY** what you type in.

EXAMPLE:

You want to see a picture of a tubular lock pick and you know an order number for the product. You know its a **TOOL**, so first go to the **TOOLS** section. Go to the **EDIT** menu, move down to **FIND** (or **SEARCH**). A box will open, type in the number **360-1410** and click **FIND**. You will move to the page with the item on it.

You can search any number, phrase, or word within the section.

If you have Acrobat 6 or higher, you can search the entire catalog.

After using this program for a short time it will become easy and effortless.

Prices may not reflect recent price increases or manufacturer's surcharges.
