Introduction

Primus and Primus XP compatibility

Primus and Primus XP cylinders can be incorporated into any system using classic keyways including master keyed systems with no adverse effects on the system's expansion.

Everest Primus and Everest Primus XP compatibility

Everest 29 Primus, Everest Primus, Everest 29 Primus XP, and Everest Primus XP cylinders can be incorporated into any system using the Everest 29 and Everest keyway including master keyed systems with no adverse effects on the system's expansion. This would include use with Everest 29 and Everest Open cylinders and Everest 29 and Everest Restricted cylinders.

Serviceability

It is unnecessary to invest in any additional servicing equipment for pinning than what is needed to service conventional cylinders. The side biting is cut into the key blanks at the factory and the keys are able to be combined using standard key cutting equipment.
